Section I. Notice of Funding Availability

Overview

In 2002, the Maryland Judiciary established the Drug Treatment Court Commission (Commission) for the purpose of supporting the development of drug court programs throughout Maryland. This action was taken in response to the grim reality that more than half of all individuals arrested in Maryland are alcohol or other drug dependent. The human cost associated with such addictions is inestimable, but the cost to the State with respect to crime and the collateral health care consequences is in the billions of dollars. In 1994, one of the first drug courts in the country was initiated in Baltimore City. Since that first program, there have been 41 other drug courts started in Maryland. In addition to drug courts, there are now 3 Mental Health Courts and 8 Truancy Reduction Courts implemented as pilot programs.

The Commission was recognized as the lead agency in the Judiciary's effort to operate and maintain drug treatment court programs in the State. Commission members included: Circuit and District Court Judges, legislators, representatives from the Department of Health and Mental Hygiene, the Department of Juvenile Services, the Department of Public Safety and Correctional Services, State's Attorney's Offices, the Office of the Public Defender, and the Governor's Office of Crime Control and Prevention.

In December of 2006 the Office of Problem-Solving Courts was established by administrative order of Chief Judge Bell. The Office of Problem Solving Courts (OPSC) is a department in the Administrative Office of the Courts and is responsible for assisting the problem-solving courts in developing and maintaining a judicially led collaborative therapeutic system. OPSC has overseen the creation of problem-solving programs in 20 of the 24 jurisdictions in Maryland. OPSC is recognized as the lead agency in the Judiciary's effort to foster financial support to problem-solving courts through this grant process.

Funding Description

The Office of Problem-Solving Courts is soliciting grant applications for the establishment of newly approved programs and to expand the capacity of existing Drug Courts and Mental Health Courts around the state.

Personnel Justification

ABC Court Case Manager

The FY 2013 request for funds to support one full time case manager is \$38,077 for 44 weeks of employment (start date project for September 1, 2012). The Judiciary Department of Human Resources has designated the salary for a non-clinical Case Manager for \$45,000 for 52 weeks of employment. The duties of the case manager will be to input data in SMART, find community resources for participants, set appointments for participants, conduct initial intakes summaries, conduct periodic assessments of participant status, coordinate services with treatment providers, and perform other duties as assigned within the ABC Court.

ABC Court Case Manager @ \$45,000 (\$865.38 per week) for 44 weeks = \$38,077

Amount requested is \$38,077

ABC Court Coordinator

The FY 2013 request for funds to support one full time ABC Coordinator is \$50,000 for 52 weeks of employment for which the Judiciary's Department of Human Resources has designated the salary. The duties of a ABC Court Coordinator are to coordinate services, find and apply for state and federal grants, track data and trends within the ABC Court for reporting purposes, monitor the ABC Court and it's progress, attending trainings and seminars on behalf of the ABC Court, act as a liaison between agencies, and perform other duties as assigned within the ABC Court.

ABC Court Coordinator @ \$50,000 for 52 weeks = \$50,000

The amount requested is \$50,000.

Administrative Clerk and other support staff will contract out for GED programs in the county on or before August 1, 2011. The vendor has yet to be determined. Once bid out, 5 GED programming will be maintained for the year.

5 participants will use GED course study @ \$300 a semester = \$1,500

The amount requested is \$1,500

Vocational Training

Previously, the ABC Court relied on the county school system or other non-profit agencies to provide vocational training course work at a cost for the participants in the program, however due to recent fiscal cuts within the county school system; this is no longer available for the ABC Court to utilize. The data that is available states that education can empower and influence the participants to work harder towards success, acting as an incentive within the ABC Court. The resources are needed before the registration period for upcoming vocational training course study semester begins. The Administrative Clerk and other support staff will contract for vocational/ training programs in the county. This will be done on or before July 15, 2012.

5 participants will use Vocational Training @ \$100 per class for 5 classes = \$2,500

The total amount requested is \$2,500

Taxi Service

Due to the area in which a participant must travel for judicial interaction and treatment, Taxi Service is necessary since other modes of public transportation are not available in our area. The cost will be \$25 per participant per week for an estimated 5 participants. Previously, the ABC Court has applied for grants from Transportation companies, however they have been denied. In the absence of transportation, the ABC Court would have to rely on a family member or friend to bring participants to court, as many participants do not have or have lost there drivers licenses. The Administrative Clerk and other support staff will contact the judiciary department of procurement on or before July 15, 2012 in order to procure the services according the local and state procurement rules standards. The ABC Court will follow the Judiciary policy on procurement in order to secure a company that can supply Taxi Service \$25 per person.

5 participants will use Taxi Service @ \$25 per person for 48 weeks = \$6,000

The amount requested is \$6,000

ABC Court State's Attorney

The FY 2013 request for funds to support services from the ABC State's Attorney Office is \$42,308. The County Office of Human Resources has designated the salary for an ABC State's Attorney at \$50,000 for 52 weeks. The ABC Court will contract with the ABC State's Attorney's Office to represent the county interests in the ABC problem-solving court proceedings to act as a liaison, and perform other duties as assigned within the ABC problem-solving court that is not covered by county funding. Previously the ABC Court relied on the county Office of the State's Attorney to lend staff to complete the required State's Attorney's duties; however it has become a strain on local resources. The ABC Court has grown 20% since 2010 based on our quarterly statistical reports.

ABC State's Attorney @ \$50,000 (\$961.54 per week) for 44 weeks = \$42,308

The amount requested is \$42,308

Equipment Justification

Breathalyzer

The FY 2013 request for funds to procure breathalyzers for the problem-solving court is \$400. The law enforcement agency will perform random home checks but has no means to check for sobriety in the program participants. The available statistics from 2011 show that nearly 20-30% of ABC Court Participants have a alcohol dependency. The court will procure the services according to the local and state procurement rules standards. The Administrative Clerk and other support staff will contact the procurement department on or before July 1, 2012. Upon the procurement department securing and finalizing a contract, the court will then began to utilize the services according to the rules and language given by the local and state procurement standards.

Instant Urine Tests	5	1560	7800
Total Request for Supplies			7,980

Supplies Justification

Breathalyzer Supplies

At \$30 per 100 pack of breathalyzer mouthpieces, the ABC court will procure 6 packs to be used by the local law enforcement agency during random home checks. It is anticipated that nearly a thousand alcohol screens will be conducted during this grant period.

Instant Urine Tests

The FY 2013 request for funds to support instant urine cups is \$5,000 to cover 30 participants one instant urine test per week for 52 weeks. The ABC Court had previously relied on drug testing resources from the Division of Parole and Probation and the local Health Department. The cost for drug tests will continue to be shared with those two partner agencies in FY 2013 to equal a minimum of 2 urine tests per week per participant. In the first six months of FY 2012, SMART data shows we have collected 650 specimens, with only 18 times a participant failed to appear to provide a urine sample.

The majority of positives continue to be with heroin (8%) with cocaine following (5%). The court will procure the services according to the local and state procurement rules standards. The Administrative Clerk and other support staff will contact the procurement department by May 31, 2012. Upon the procurement department securing and finalizing a contract, the court will then began to utilize the services according to the rules and language given by the local and state procurement standards.
